CRUSHI: A CRUNCHY SUSHI BITE WITH STYLE

Crushi, crunchy sushi, is a fully patented premium frozen sushi snack. A new, exclusive, unique and delicious bite that combines fresh sushi taste with an irresistible crunch!

The Crushed is even more versatile now! With the oven Crushed we present a sushi snack that can be quickly prepared in an oven (high speed or regular) or airfryer. You will still get the crispy outside that will stay crunchy for hours after preparation. A Crushed roll needs to be cut using a serrated knife for the best result. When kept frozen, Crushed has a shelf life of over one year.

HOW TO PREPARE

- Take your Crushed out of the freezer and bake for 14 minutes at 220°C.
- Rest for at least 5 minutes
- Cut with a serrated knife in 6 pieces
- Top off with your favourite Crushed sauces and fresh cress
- Ready to serve!
